SUMMER

PARENTS GUIDE 2020

WELCOME!

Hello everyone, we are excited that you chose Mason Recreation for your camper this summer. Our staff is dedicated to providing a memorable camp experience for everyone involved. Experienced counselors are committed to providing your child with a safe and inclusive environment, with days full of fun.

The following information is to help answer any questions you may have about our camp. Please take the time to read through this manual and feel free to send us any additional questions you may have. We look forward to seeing you all soon.

MESSAGE FROM THE STAFF

Mason recreation is more than a seasonal summer crew. Our diverse and dedicated staff is what makes our camp an experience for all

campers throughout the summer. Counselors are strategically hired and scheduled to ensure that their particular strengths are being put to work.

We are committed to providing a safe and inclusive environment for your child. This summer will kick off our 4th summer camp season. Our counselors are well trained, enthusiastic, and motivating individuals over the age of 18, several of whom have been with us for multiple seasons.

Each staff member has been vetted through our interview process, received a back ground check, and had references checked to verify the safety of your camper. Camp counselors are required to attend an orientation and training prior to the first day of camp. Throughout the training, counselors participate in child development workshops, team building activities, earn a certification in First Aid, CPR and Blood Borne Pathogen and several other exciting and beneficial activities to ensure a successful and safe camp season. Training also offers counselors time to plan programs, work to build a positive group atmosphere and requires staff to embark on finding solutions to challenging situations that may occur throughout the summer and preventative tools to work towards an anti-bullying environment.

SWIMMING PROCEDURES

Campers will have the opportunity to swim Monday-Friday each week. Proper swim gear is required each day (swimsuit, goggles, and towel).

SWIM TEST:

Swim testing will be conducted every Monday to ensure counselors are aware of your camper's swimming abilities. The swim test is optional; however, should a camper decide against the test or is unsuccessful in completion he/she must wear armband and an X on his/her hand. This will ensure the child stays in the designated area. Children do have the option to utilize a life jacket provided by Mason Recreation

The supervised swim tests consists of swimming one lap in lane line without any assistance from lifeguard, lane line or wall and tread water for one minute.

SHOWERING

Campers will not be permitted to shower following pool time unless required by parent/physician. A note from the parent/physician is required in order to allow a camper time to shower. Campers that need to utilize the shower must leave the pool 15 minutes early.

SWIMMING ABILITY

Camp registration requires parents/guardians to acknowledge the swimming ability of their camper.

- **Non-swimmer:** unable to swim, needs to be with a counselor at all times
- **Beginner/Intermediate:** able to swim length of the pool, tread water, and be supervised from the side
- **Experienced Swimmer:** able to swim in all areas of the pool, history on swim teams, lessons, etc

STOP LIGHT

All campers begin their days with a "Green" Light. Green light means campers are being respectful of their fellow campers and counselors. Campers are following the rules they have established at the beginning of camp as well as safety perimeters in place by the camp administration.

A "Yellow" light is the result of a secondary warning. A camper may move to a yellow light if they show repeated disrespect to fellow campers, counselors, and/or property following an initial verbal warning by counselor or camp staff.

A "Red" light is when a camper needs to be removed from their group due to continued poor behavior; risk to self, other campers, or staff; or inability to function positively with their group. Examples may include fighting, breaking/defacing property, behavior that may result in harm to self or others.

When a camp counselor believes a campers actions require the "Red Light" they will request assistance from the Lead Counselors, Camp Coordinators, and/or Camp Director. The camper will be removed from the group to discuss behaviors and create a solution so they may rejoin their group.

If after a "Red Light" conversation the camper does not follow the solution they helped to create or engage in additional concerning behavior the camper will be removed from the group, parent/guardian will be contacted to pick up the camper, and the camper will not be allowed to return to camp until the following day.

If a pattern of red light emerge during the camper's time a Mason REC Camp the Camp Coordinators/Director may request a meeting with the parent/guardian of the camper to discuss future attendance.
