• Check our list of current clubs to make sure the club you want to start does not currently exits.

• Find at least 10 other current Mason students who are interested in being a member of the club – we need you to prove there is interest!

• Review the Club Sports Manual – you’ll want to understand the structure and requirements of being a Club Sport.

• Develop and put down in writing a plan of action for your club:
  o What do you plan to do as a club?
  o Where/how often will you practice?
  o Will you be part of a league?
  o Who will you compete against?
  o What equipment/apparel do you need?
  o Does your club need a coach?
  o How will you fund the club’s activities?

• Develop a draft constitution for your club.

• Submit the Club Sports Affiliation Request form on Mason360.

• After your application is reviewed by Competitive Sports Professional Staff, schedule a time to meet with the Executive Council for Club Sports (gmueccs@gmail.com) to present your plan of action and constitution. ECCS will hear your proposal, ask questions, and provide a recommendation to approve or reject your affiliation request.

• Final approval will come from Mason Recreation leadership. If all areas approve, your club will join the program in the upcoming school year.
